We Are A Direct Importer Of Tropical Hardwoods

For over twenty (20) years, Sabra has Imported Tropical Hardwoods Direct-From Manufacturer, sourcing through the Wholesale Distribution Channel for the U.S. & Global Flooring, Decking, Lumber, Millwork and Fencing markets. This importing is primarily from Brazil, also Bolivia, Colombia, Paraguay, Peru, Guyana, Malaysia, Indonesia, China and others. We focus on forward container-truck-load business with USA stocking inventory positions for just-in-time truckload backup.

Sabra's most **COMPELLING ADVANTAGE** is its South American Footprint, its "boots on the ground" in South America. Thanks in large part to Sabra's four (4) South American Staffed Offices (Belem, Brazil, Curitiba, Brazil, Iquitos, Peru, and Cartagena, Colombia), customers are able to enjoy hassle-free Import Services including Proprietary Manufacturer Relationships, Grading and Inspections, Ocean Deliveries and Customs Clearances, with U.S. trucking provided as needed. As a member of the International Wood Products Association (IWPA), **Sabra** imports from manufacturers legally harvesting logs in compliance with domestic and international laws. Further, this harvesting is from sustainable reforested tracts, and not from clear-cut rainforests, to continue a renewable resource. All business is Lacey Act compliant.

Sabra specializes in **THREE CATEGORIES** of Imported Tropical Hardwoods:

1. **DECKING, FENCING, OUTDOOR & MARINE LUMBER**
2. **HARDWOOD FLOORING**
3. **ARCHITECTURAL MILLWORK LUMBER**
